

Georgios Kotzias, DPM, AACFAS

- Wound Care
- Hyperbaric Oxygen
- Surgery

Dr. Kotzias is Board Qualified in Surgical & Medicine Boards and is certified in Hyperbaric Oxygen Medicine. Dedicated to providing his patients both surgical and non-surgical treatment options for all podiatric pathologies, he has a special interest in foot/ankle surgery, minimally invasive surgery, sports medicine, orthotics, strapping and bracing, diabetic wound care, diabetic limb salvage, and pediatrics.

He is an alumnus of the New York College of Podiatric Medicine and completed an intense three-year residency at Trinitas Regional Medical Center where he received advanced training in foot/ankle surgery, diabetic limb salvage, and reconstructive surgery of the lower extremity. During his third year of residency he also served as Chief Resident.

Dr. Kotzias' professional affiliations include: American College of Foot and Ankle Surgeons, The American College of Foot & Ankle Orthopedics & Medicine, and the American Podiatric Medical Association. His main hospital affiliation is Trinitas Regional Medical Center.

The Trinitas Center for Wound Healing and Hyperbaric Medicine is located at:

240 Williamson St., Suite 104, Elizabeth, NJ 07207

Office: (908) 994-5480 | Fax: (908) 994-8802
